Prototype Wireframing

Ver o Video sobre scrum 9 minutos e criar a implementacao e compartilhar com o grupo (See video about scrum in 9 minutes and creating and impementation. Sharing with group)

2) Daily Standup: Daily Standups are a very popular practice. Your team should do a Daily Standup meeting a few times a week. Show evidence (notes are fine) that you've contributed to one successful Daily Standup (you've probably had more than one... just showing one is adequate).

Stand up meeting 11/05/19

4)Retrospective: Show evidence of your contributions during a team retrospective meeting.
